

DUBLIN CITY COUNCIL
NORTH CENTRAL AREA COMMITTEE
20th May 2013

Q.55 Question in the name of Councillor Jane Horgan Jones

“To ask the Area Manager to address the following issues on [details supplied].”

Details: Conquer Hill Road

- a) **Can the Manager install another bin at some point along the length of this road? There is a consistent problem with dog dirt being left around which is creating a hazard for residents.**
- b) **Can the Manager investigate whether the lighting is sufficient between number 32 and the Vet's – there seems to be no lighting whatsoever along this stretch and residents have complained that it is very dark.**
- c) **Part of the pavement is broken up outside number 52 (photo attached) – can this be repaired?**

Reply:

a. Waste Management Services would not be in favour of installing another litter bin on **(details supplied)** as it would lead to the problem of domestic waste being stuffed into and around the bin. We had to remove a litter bin from the junction of Brian Boru Avenue and **(details supplied)** for this very reason.

b. The lighting on **(details supplied)** was upgraded in June 2011 and is considered satisfactory. However, there are a number of trees on this road which appear to be blocking some of the lights, and we will ask the parks department to prune the trees here.

c. Road Maintenance Services has inspected this location. There was no loose debris as per the attached picture at this location during my inspection. A footpath repair has been scheduled in the coming 10-12 weeks.

Dave Dinnigan
Area Manager

Contact: Mick Boyle, Senior Staff Officer - 2224240.
Karen Leeson, Executive Engineer – 2224539.
Shane Satell, Executive Engineer - 2222297
