

The bi – monthly Policing Forum for the Calderwood / Gracepark area was held on Monday the 14th of October.

The forum was established by me and local TD Aodhán Ó Ríordáin, to allow residents to meet with local public reps and members of An Garda Síochána to discuss issues of importance to the area.

On foot of the discussions at the last meeting, I raised the issue of police presence in the Grace Park area for Halloween night, with local Garda management.

The issue surrounding the gated lanes and litter near Belton Park was raised at the meeting. I have since spoken to Dublin City Council officials who have assured me that they will look into having any unwanted materials removed.

I am hoping to hold the next meeting prior to the Christmas break, however in the meantime if you wish to discuss anything with me please feel free to contact me directly.
